SUBJECT: TALENT Control System Manual and
Principles for Utilization of Photographs
and COMMENT.

1. The TALENT Control System Manual for the secure handling of the products of Project AQUATONE has been the subject of consideration with all agencies concerned and has your concurrence. It has been approved by CIA and has been in force as of the close of business 29 May 1956. Copies of the Manual will be distributed through regular channels.

2. It is recognized that as this System is applied, we will learn how it may be improved. Consideration of suggestions for improvement should be in the first instance by the Ad Hoc Requirements Committee (AHC) for Project AQUATONE and revisions of the Manual will be developed in the same fashion as the original.

3. Attached are principles for utilization of photography and COMMENT which I am forwarding to the CIA Utilization Board for guidance, these principles having been agreed by the Requirements Committee and approved by CIA.
